

103 學年度第二學期8年級英語科教案 Traffic Safety Teaching Plan: Traffic Signs

I. Concept

Traffic safety has always been one of the most important issues among students, especially junior high school students. A proper understanding of traffic knowledge is crucial to students' safety. The design of this teaching plan encourages students to recognize different traffic signs in their daily lives, and to understand the rules of traffic safety. Through creative and interactive learning tools, students are exposed to an English-friendly environment, which allows them to communicate and exchange ideas in a conversational manner.

II. Setting

Topic	Traffic Signs
Target Audience	Grade 8
Number of Students	30 - 35
Length	45 mins
Number of Teachers	1 with 2 TAs

III. Learning Objectives

Key Abilities

Communication	With interactions and activities, students are required to speak and exchange their ideas through communication in a casual, informal, and natural way.
Critical Thinking	By asking students critical questions, students are encouraged to brainstorm and think through the questions.
Teamwork	Students are grouped in teams, which requires them to

	cooperate with other team members in a meaningful, useful, and effective way.
Problem Solving	Set up a scenario and have students solve the problem step by step, piece by piece.
Public Speaking	During the class, students are asked with different questions, which requires them to speak publicly in an open setting.

Professional Abilities

Traffic Signs & Rules	With aids of technology and powerpoint, students are learning traffic safety rules in an interesting way.
English as a means of communication	Students are encouraged to speak English during the course. Chinese will be secondary.
Vocabulary learning	Throughout the class, new vocabulary will pop up in Powerpoint, games, videos, and conversations. Students are welcomed to point out words that they are not familiar with. At the end of each class, teachers will review the list of new vocabulary again.
Use of technology	By incorporating technology and multi-media into the classroom, students are more engaged to the materials.

IV. Class Design

a. Learning Goals

1. To recognize different types of traffic signs
2. To understand the meaning of each sign
3. To react and take action with different signs
